

Admission Book 2015

Office of International Students
Beijing Institute of Technology

2015-2016

WELCOME MESSAGE FROM THE DIRECTOR

Dear students and colleagues,

Thank you for your interests in Beijing Institute of Technology. As one of the top science and technology universities in the nation, we offer a high-level education for degree and language study. With top-tier faculty and programs, friendly staff, and a pleasant living environment, I know that you will not be disappointed in choosing BIT as your university of choice. With many strong and prestigious science and technology programs to choose from, you will receive quality education and have great future job prospects.

Since BIT is located in the capital of China, you will be in the heart of the nation, surrounded by a city that has integrated modern conveniences together with the rich treasures of a culture with more than 5,000 years of history. Your choice of BIT will be rewarded with a wonderful university experience. We look forward to welcoming you here in Beijing!

Sincerely,

Wang Ying (Ms.)
Director

Undergraduate Programs in English

Electrical Engineering

Core courses: Adaptive Control, Analog Electronics, Computer Control System, Control Theory, Data Structures and Algorithms Design, Energy Conversion Technology, Engineering Design, Engineering Mechanics, Optimal Control, Physics, Mathematical Analysis, Sensors and Detection Technology, Signals and Systems, Power Electronics, Control of Robotics

Software Engineering

Core courses: C Programming Language, Computer Networks, Computer Organization, Discrete Mathematics, Data Structures, Database Theory and Design, Software Engineering, Design and Analysis of Algorithms, Operating Systems, Software Architecture and Design Patterns, Software Requirement Engineering and Modeling, Software Testing Technology

Electronic Science and Technology

Core courses: Algorithms Design and Analysis, Assembly Language Programming, Discrete mathematics, Compiler Principle and Design, Computational Theory, Computer Networks, Database Theory and Design, Fundamental of Electronics, Operating Systems, Principles of Computer Architecture, Software Engineering, Wireless Network and Communication

Computer Science and Technology

Core courses: Algorithms Design and Analysis

Assembly Language Programming, Compiler Principle and Design, Computational Theory, Computer Networks, Data Structures, Database Theory and Design, Discrete mathematics, Fundamental of Electronics, Information Security, Linear Algebra, Operating Systems, Probability and Statistics, Programming in C, Software Engineering

Flight Vehicle Design and Engineering

Core courses: Calculus, Theoretical Mechanics, Fundamentals of Fluid Mechanics, Complex Variable and Integral Transformation, Automatic Theory, Electrical and Electronic Technology, Engineering Drawing, Fundamentals of Machine Design, Computer Fundamentals and Programming, Flight Vehicle Systems, Aerodynamics, Flight Mechanics, Structural Mechanics, Aircraft Design, System Simulation, Principles of Optimization Design.

Mechanical Engineering

Core courses: Calculus, Computer Science and Programming, Dynamic System Modeling and Simulation, Electrical and Electronics, Engineering Design Project, Engineering Economics, Engineering Graphics, Engineering Management, Engineering Materials, Engineering Mechanics, Fluid Mechanics, Internal Combustion Engine Design, Vehicle Structure and Design, Theory of Machines and Mechanisms, Principle of Control and Instrumentation

International Economics and Trade

Core courses: Calculus, Econometrics, Financial Management, Fundamentals of Accounting, Human Resource Management, International International Finance, International Marketing, Macroeconomics, Management Information Systems, Microcomputer Database Applications, Microeconomics, Monetary Banking, Operation Research, Principle of Management,

Mechanical-Electronic Engineering

Core courses: Material Mechanics, Mechanical Design, Mechatronic Control Techniques, Mechatronic Servo Systems, Mechatronic System Analysis & Design, Mechatronic System Modeling and Simulation, Modern Power Electronic Technology, Sensing and Testing Technology, Signals and Systems, Theoretical Mechanics, Fundamental of Robotics, Computer Control Systems, Analog Electronics, Adaptive Control, Electric Circuits

What Scholarship Programs do we have?

Chinese Government Scholarship

Who pays for your education?

The Chinese government

What does the scholarship cover?

- Registration, tuition, laboratory experiments, internship, and basic textbooks
- Accommodation on or off campus depends on availability
- One-off settlement subsidy: CNY 1,500 (USD 240)
- Outpatient medical service and Comprehensive Medical Insurance and Protection Scheme
- Monthly living allowance: Undergraduate: CNY 1,400 (USD 220)
Master: CNY 1,700 (USD 270)
PhD Candidates: CNY 2,000(USD 320)

Who can apply?

1. Applicants are non-Chinese citizens and in good health;
2. Applicants are not registered students in Chinese universities at the time of application;
3. Applicants are not applying for language programs.
4. Applicants who have graduated from Chinese universities for more than one year;
5. Applicants for Master programs should be under the age of 35 and hold a bachelor's degree;
6. Applicants for PhD programs should be under the age of 40 and hold a master's degree

How to apply?

Register at <http://laihua.csc.edu.cn>, BIT's Agency No. is 10007.

Send application materials to BIT (check <http://isc.bit.edu> for details)

Application deadline: April 15 each year

Chinese Government Scholarship -Great Wall Program

Who pays for your education?

The Chinese government

What does the scholarship cover?

- a waiver of fee for registration, tuition, laboratory experiments, internship, and basic textbooks;
- free on-campus dormitory accommodation;
- monthly living allowance;
- one-off settlement subsidy;
- outpatient medical service and Comprehensive Medical Insurance and Protection Scheme for International Students in China;
- one-off inter-city travel reimbursement

Who can apply?

- Citizens from a developing country other than the People's Republic of China
- Under the age of 45 and have completed at least two years of undergraduate study when applying for general scholar programs
- A master's degree holder or an associate professor (or above) under the age of 50 when applying for senior scholar programs

How to apply ?

Apply to the National Commission for UNESCO in the home countries and register online at www.csc.edu.cn/laihua.

Application deadline: April 15 each year

Chinese Government Scholarship -Bilateral Program

Who pays for your education?

The Chinese government

What does the scholarship cover?

- a waiver of fee for registration, tuition, laboratory experiments, internship, and basic textbooks;
- free on-campus dormitory accommodation;
- monthly living allowance;
- one-off settlement subsidy;
- outpatient medical service and Comprehensive Medical Insurance and Protection Scheme for International Students in China;
- one-off inter-city travel reimbursement

Who can apply?

Citizens from the countries which have educational exchange agreements or MOUs with the Chinese government

A high school graduate under the age of 25 when applying for undergraduate programs

A bachelor's degree holder under the age of 35 when applying for master's programs

A master's degree holder under the age of 40 when applying for doctoral programs

How to apply ?

Apply to the dispatching authorities for overseas study in the home countries
and register online at www.csc.edu.cn/laihua.

Application deadline: April 15 each year

Chinese Government Scholarship -European Union Program

Who pays for your education?

The Chinese government

What does the scholarship cover?

- a waiver of fee for registration, tuition, laboratory experiments, internship, and basic textbooks;
- free on-campus dormitory accommodation;
- monthly living allowance;
- one-off settlement subsidy;
- outpatient medical service and Comprehensive Medical Insurance and Protection Scheme for International Students in China;
- one-off inter-city travel reimbursement

Who can apply?

- Citizens from Austria, Belgium, Bulgaria, Cyprus, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and the United Kingdom
- A high school graduate under the age of 25 when applying for undergraduate programs
- A bachelor's degree holder under the age of 35 when applying for master's programs
- A master's degree holder under the age of 40 when applying for doctoral programs

How to apply ?

Apply to the Office for Education and Culture, Mission of P. R. China to the European Union and register online at www.csc.edu.cn/laihua.

Application deadline: April 15 each year

Chinese Government Scholarship -Pacific Islands Forum Program

Who pays for your education?

The Chinese government

What does the scholarship cover?

- a waiver of fee for registration, tuition, laboratory experiments, internship, and basic textbooks;
- free on-campus dormitory accommodation;
- monthly living allowance;
- one-off settlement subsidy after registration for new students;
- outpatient medical service and Comprehensive Medical Insurance and Protection Scheme for International Students in China;
- one-off inter-city travel reimbursement;
- a one-way air ticket (economy class) to China upon registration, and a one-way air ticket (economy class) back from China to their home countries after completion of their studies.

Who can apply?

- Citizens from Australia, New Zealand, Fiji, Vanuatu, Samoa, Micronesia, Tonga
- A high school graduate under the age of 25 when applying for undergraduate programs
- A bachelor's degree holder under the age of 35 when applying for master's programs
- A master's degree holder under the age of 40 when applying for doctoral programs

How to apply ?

Apply to the Pacific Islands Forum (PIF) Secretariat and register online at www.csc.edu.cn/laihua.

Application deadline: April 15 each year

Chinese Government Scholarship -ASEAN University Network Program

Who pays for your education?

The Chinese government

What does the scholarship cover?

- a waiver of fee for registration, tuition, laboratory experiments, internship, and basic textbooks;
- free on-campus dormitory accommodation;
- monthly living allowance;
- one-off settlement subsidy;
- outpatient medical service and Comprehensive Medical Insurance and Protection Scheme for International Students in China;
- one-off inter-city travel reimbursement

Who can apply?

- Citizens from Indonesia, Malaysia, Singapore, Thailand, Brunei and Cambodia
- A bachelor's degree holder under the age of 35 when applying for master's programs
- A master's degree holder under the age of 40 when applying for doctoral programs

How to apply ?

Apply to the ASEAN University Network (AUN) Secretariat and register online at www.csc.edu.cn/laihua.

Application deadline: April 15 each year

Beijing Government Scholarship

Who pays for your education?

Beijing Municipal Government

What does the scholarship cover?

Undergraduate: Tuition	4 years max.
Master : Tuition	2 years max.
PhD: Tuition	4 years max.

Who can apply?

Non-Chinese Citizens, with qualified previous academic records.

Those who benefit from other types of scholarship programs are not eligible to apply for Beijing Municipal Government Scholarship.

How to apply?

Register on the application system at <http://apply.isc.bit.edu.cn>.

Send application materials (check <http://isc.bit.edu> for details) to BIT.

BIT Scholarship

Who pay for your education?

Beijing Institute of Technology

What does the scholarship cover ?

Tuition

Who can apply?

Non-Chinese Citizens, Full-time registered students in partner universities

How to apply?

Register on BIT application system at <http://apply.isc.bit.edu.cn>

Send application materials (check <http://isc.bit.edu> for details) to BIT.

Central and Eastern Europe

Overview

The special scholarship program lasts from 2013 to 2017, and offers 1000 scholarships for Central and Eastern Europe countries applicants.

Who pays for your education?

The Chinese government

What does the scholarship cover?

Each scholarship awarded will cover costs of tuition of BIT, accommodation on campus, medical insurance and monthly- living allowance, listed below:

(Note: The full scholarship can be divided into several shorter terms for more than one student)

Special Scholarship Program

Who can apply?

Countries: Albania, Bulgaria, Bosnia and Herzegovina, Croatia, Czech, Estonia, Hungary, Latvia, Lithuania, Macedonia, Montenegro, Poland, Romania, Serbia, Slovakia, Slovenia.

More than 6 months study period

The student's home university must recognize the credits that the students earned in the Chinese universities

Application deadline:

June 15th of each year

(Note: The application deadline may change from year to year, please check BIT's yearly Admission Book for updated information.)

How to apply?

Register on the application system at <http://apply.isc.bit.edu.cn>

Sino-US Cultural Special Scholarship

Who pays for your education?

The Chinese government

What does the scholarship cover?

Tuition & Accommodation on campus

Who can apply?

US citizens

More than 3 months study period

The student's home university must recognize the credits that the students earned in the Chinese universities

How to apply ?

Register on the application system at <http://apply.isc.bit.edu.cn>

Application deadline: April 15 each year

Confucius Institute Scholarship

Who pays for your education?

Confucius Institute Headquarters (Hanban)

What does the scholarship cover?

Tuition & Accommodation on campus

Who can apply?

Chinese Language Students

How to apply ?

Register on the application system at <http://apply.isc.bit.edu.cn>

Application deadline: June 15 each year
January 15 each year

Chinese Language Programs

Long-term Chinese Programs

8 levels;
16 weeks each semester and 20 -24 hours per week;
Semesters start in March or September each year;
Focus on improving the communication skills;
Small group study;
Free HSK training;
Various Chinese culture experience;
Field trips: Great Wall, Forbidden City, Summer Palace, ect

Pre-university Programs

Reach the level of degree courses admission through 1 or 2 semester of Chinese learning.
Curriculum: Chinese Language, Science & Engineering courses in Chinese.
Free HSK training.
The priority to receive Beijing government scholarship.
Enter the degree course without application.

Short-term programs (Engineering & Culture)

2~8 weeks offered during summer and winter vacations (min 10 person).
15~20 teaching hours per week.
Lectures: Chinese Culture & History, Society & Economy, Policy and New Technology.
Culture experience: Calligraphy, Ink painting, Kung-Fu, etc.
Tours: Forbidden City, Great Wall, Summer Palace, Temple of Heaven, etc.(1 or 2 times a week)
Language partner for everyone.
Certificate for courses completed.
All the arrangement can be adjusted flexibly.

VIP Programs

Programs available on weekdays and weekends
Excellent and experienced teachers
Small-classes (1 person to 6 person max.)
Levels: primary, intermediate, advanced Chinese
Special programs: Business or Science Chinese class, HSK
Learning materials included
Application: Open all year round

Why choose BIT

We are the **B**est engineering university

We are very **I**nternational

We have the **T**op level education
